

... Why were you
at... ..

mad at me
island...?

im becoming
more sensitik to
every
source
of
rejection
or
disapproval

i so desperately
long for open arms,
warmth and love
or hand holding.

lucas acts
when he
feels it.
rage.

rea retreats.
masks,
supresses.

all i know is to resent
silently

i want to retreat.
hide. hate. regret.

its not constructive
but im sick of
feeling so bad

its hard
to brush
off feeling
like an
error

i wish to love. laugh
to be clearly spoken
to yet in a way that
isnt... cruel?

am i too sensitive?
i felt like this all the
time years ago i guess
it was always me

i have the others
to support me
but im so discouraged

it feels like this
is my payment.
we all feel this is
payment for
who we are.

i accept this
payment.
it'll take more to

make me
follow through
